APPLICANT : SANYO ELECTRIC CO LTD;

INVENTOR : KUMA TOSHIKI;

INT.CL. : H04M 1/67 H04M 1/00

TITLE : MOBILE PHONE

ABSTRACT : PROBLEM TO BE SOLVED: To protect data recorded in an external recording medium, when the external recording medium is freely detachable to a mobile phone.

SOLUTION: A memory card 102 is freely detachable with respect to a mobile phone 101, and the mobile phone 101 and the memory card 102 have respectively a specific ID depending on a telephone number. Thus, an access right to data recorded in the memory card 102 is limited by controlling a memory control means 202, depending on a result of comparing the relations of the specific ID with a specific ID discrimination means 204 or a telephone number discriminating means.
